Crepe Makers - Electric

Models: KCME-1RND, -1RCT, -2RCT ♣

The Hatco®/Krampouz® Crepe Makers are designed for professional use in commercial kitchens or display cooking locations. The adjustable temperature control enables operators to cook excellent, consistent quality crepes from a variety of different batters. The exclusive heating elements combined with a heavy duty, machined cast iron surface provide exceptional heat distribution over the entire griddle for even and fast cooking.

Standard features

- Stainless steel frame, with a cast iron griddle, is designed for quality and durability
- Coiled and insulated heating elements create perfect heat distribution across the surface of the plate for consistent, uniform cooking
- Adjustable temperature control of 120° – 570°F (50° – 300°C)
- The KCME-1RND (120V) can be used for up to five hours continuously. The Heavy Duty Crepe Makers are powerful for a full day of breakfast, lunch and beyond
- Single or double♣ griddle crepe makers
- Griddle diameters are 15.75" (400 mm)
- Comes with a spreader and spatula
